Zephyrhills, FL

SUMMARY

Analytical and detail-oriented MBA candidate specializing in Data Analytics with a background in Electrical Engineering and hands-on experience in data cleaning, exploratory analysis, and visualization using spreadsheets, SQL, R, and Tableau. Proven ability to leverage data-driven insights to improve processes, enhance operational efficiency, and support strategic decision-making. Skilled in translating business challenges into actionable analytical solutions.

WORK EXPERIENCE

Saint Leo University **Aug 2023 - Present**
Graduate Assistant, Enrollment

- Assisted over 2,000+ students with the admissions process, ensuring timely and accurate submission of required documents, reducing delays by 18% and enhancing the applicant experience.
- Maintained and updated the student records database, ensuring data accuracy and integrity to support timely communication and efficient administrative operations.
- Supported the execution of 6+ campus events for prospective and admitted students, contributing to improved engagement, increased attendance, and stronger enrollment outcomes.

Catalyst Investment Management **July 2021 - Aug 2021**
Technical Engineer Intern

- Contributed to 3 renewable energy projects by assisting with engineering calculations, creating design drawings, and preparing preliminary cost estimates to support accurate project planning and feasibility assessment.
 - Conducted computer simulations to evaluate solar PV system performance, achieving forecast accuracy within $\pm 5\%$ and optimizing system design efficiency.
-

EDUCATION

Masters of Business Administration

Major: Data Analytics
Saint Leo University
May 2023 - Present

Bachelors of Science

Major: Electrical Power and Energy Engineering
Princess Sumaya University for Technology
Oct 2017 - Feb 2022

CERTIFICATIONS

McKinsey Forward Program

McKinsey & Co.

TECHNICAL SKILLS

Data Analysis
SQL (MySQL, BigQuery)
Spreadsheets (Excel, Google Sheets)
Programming (R, C, C++)
Data Visualization (Tableau, Power BI)
Microsoft 365

SOFT SKILLS

Critical Thinking
Communication
Adaptability & Resilience
Attention to Detail
Problem-Solving
Teamwork
